- Mortgage Saver Facility [from 30 June 2014, this account will no longer be eligible to be linked to a loan account].

### **4.2** Credit interest is not paid on funds held in this account with a Mortgage Saver facility. (See the Bankwest Investment and Transaction Accounts Terms and Conditions for further details).

## **5 Interest applicable to both options**

### **5.1 Credit Interest**

The interest rate is variable. This means that any rate which is stated in this Product Schedule may be changed by us at any time. Any change to an interest rate will be notified in the press. You can obtain information about our current rates by visiting our website at [bankwest.com.au](http://bankwest.com.au) or by calling the Customer Help Centre on 13 17 19.

Credit interest is paid quarterly to the account and is calculated up to and including the second last business day of March, June, September and December.

Credit interest will be credited to your account on the last business day of these months. Interest for any day after the second last business day will be included in the next period.

The credit interest rate is 0.01% p.a, calculated on the entire balance of the account.

### **5.2 Debit Interest**

If there is an Overdraft Facility on the account and the agreed overdraft limit is not exceeded, interest will be charged on the outstanding balance of the Overdraft Facility at the annual percentage rate set out in the statement of account from time to time.

If there is an Overdraft Facility on the account, we calculate debit interest daily by multiplying the outstanding balance of your account by the annual percentage rate set out in the statement of account from time to time and by dividing the result by the number of days in the year. Debit interest is calculated up to the second-last business day of the month and will be debited to your account on the last business day of the month.

The account must not be overdrawn without prior arrangement; however, Bankwest may overdraw the account to cover an unplanned shortfall in funds to meet a particular payment in circumstances where it is impossible or reasonably impractical for Bankwest to prevent the account from being overdrawn. Debit Interest is not charged in this instance.

## 7 Fees and Charges applicable to both options

### 7.1 Line of Credit Fee

A Line of Credit Fee applies to the account if at any time during the Fee Raising Period:

- (1) there is no Overdraft Facility on the account, but Bankwest elects to honour (pay) the transaction which overdraws the account, and the account is overdrawn during a Fee Raising Period:
  - (a) by \$1,000 or more; or
  - (b) by any amount for 10 days or more, whether or not consecutive; or
- (2) there is an Overdraft Facility other than a Fully Fluctuating Limit on the account and Bankwest elects to honour (pay) the transaction which overdraws the account in excess of the applicable credit limits during the Fee Raising Period;
  - (a) by \$1,000 or more; or
  - (b) by any amount for 10 days or more, whether or not consecutive; or
- (3) there is a Fully Fluctuating Limit on the account, whether the account is in debit or credit.

If, in a Fee Raising Period, the account is overdrawn by more than \$30 (allowing for any Overdraft Facility limit), a Line of Credit Fee of \$20 will apply and will be debited to the account.

- If (1) applies, on the maximum debit balance during the Fee Raising Period;
- if (2) applies, on the maximum debit balance after first deducting the applicable Overdraft Facility limit.
- if (3) applies, on the Fully Fluctuating Limit after first deducting any applicable current "fee free" credit limits.

The fee is debited to the account in arrears on the last business day of March, June, September and December.
